## CROPPED TO PAY

## PASTOR HONORS

Reception and Banquet to Observe Rev. Dr. Greene's Anniversary Here.

800 TO ATTEND DINNER

Justice Hughes and Ex-Gov. Folk Will Deliver Addresses at Big Banquet Friday Evening.

The extensive preparations which are being made in honor of the thirty-fifth anniversary of the pastorate of Rev. Dr. S. H. Greene at Calvary Baptist Church give promise of an unusual celebration next week, the first feature of which will be a reception at the church Monday evening from 8 to 10 o'clock, to which the public is invited. At this reception a welcome will be extended to Rev. A. M. Anderson, who has been called as assistant to the pastor.

The committee in charge of the reception is headed by Dr. William T. Gill, president of the board of trustees, and W. W. Everett, vice chairman, and the remainder consists of the other trustees, the deacons, Dr. Charles W. Needham, E. G. Mason, Mrs. Charles I. Corby, Mrs. G. H. Hirsch, Arthur Copeland, Mrs. F. M. Hoadley and Mrs. J. H. J. Yule.

**Banquet on Friday Evening.**  
 The banquet in the Sunday school house, under the auspices of the Brotherhood, on Friday evening, December 11, will be at 7 o'clock, with informal reception at 6:30. Dr. Mitchell, chairman of the banquet committee, will be toastmaster.

Calvary Church was a branch of the E. Street (now Temple) Baptist Church, of which Dr. J. J. Muir is pastor, and "The position occupied by Calvary Church among the Baptists of Washington" will constitute the toast to which Dr. Muir will respond.

"That which it occupies among sister churches of all denominations and in the District of Columbia generally" will be the theme of the Right Rev. Earl Stanton, bishop of the Methodist Episcopal Church.

"The place of Calvary Church in the religious life of the nation" will be emphasized by Dr. Shailer Mathews, dean of the Divinity School of the University of Chicago, and president of the Federal Council of Churches of Christ in America.

**Justice Hughes to Speak.**  
 Justice Charles E. Hughes, of the District of Columbia generally, will be a member of Calvary Church for several years, will speak upon "Its past work."

Former Gov. Joseph W. Folk, of Missouri, chief counsel of the Interstate Commerce Commission, also a member of this church, will deal with its "Present life and activities."

The pastor, Dr. Greene, will close the program with thoughts concerning "The future work of Calvary Church."

Invitations have been sent to a number of prominent clergymen and others outside of Washington and messages of greeting from those churches will be read by Dr. Carroll just before the speakers respond to their toasts.

The committees are preparing an elaborate souvenir program, and covers will be laid for 500 diners.

Dr. Greene came to Calvary from a pastorate in Canaan, N. Y., early in December, 1879. He has been the most successful of 7,000 annual church receipts to about \$60,000 and Sunday school membership to 2,000.

Robert H. McNeill is secretary of the banquet committee, and the subcommittee in charge of N. S. Faucett, Charles I. Corby, Louis D. Elliott, George H. Judd, Owen P. Keller, W. W. Everett, Arthur Copeland, William W. Greene and Wade B. Hampton.

## DEPENDS ON RATE DECISION.

Bearing of This Matter on Market Is an Important Element.

In their monthly market review, Spencer Trask & Co. have the following to say regarding the rate case now pending before the Interstate Commerce Commission:

"There is only one danger we can foresee, and its extent is viewed differently by different eyes. The decision of the Interstate Commerce Commission in the Eastern rate case. So much has been written on this subject, and the railroads have produced so much evidence on their impaired credit that nothing is to be added here. There is no denying the fact, however, that if the railroads do not receive at least a large portion of the increase, which they have petitioned, they will face a very serious situation, a situation which may conceivably hasten government ownership, or else produce some radical change in the methods adopted to establish rates. On the other hand, if the decision is in any way favorable, conditions are so shaping themselves that we are confident of a bond market for some time to come."

## NEW YORK PRODUCE.
